

Features

You'll still enjoy all the state-of-the-art performance you've come to expect from your detector, but you'll also have access to:

- ESCORT Live!—our exclusive real-time ticket protection network, which warns you of upcoming alerts received by other users in the area.
- Our DEFENDER Database, which warns you of verified speed traps, speed cameras, and red light cameras.

- Our most popular GPS-powered features, including speed-limit data for over-speed alerts, live traffic data for your current location, and TrueLock™ to help eliminate false alerts. You can also Mark Locations for future reference.

NOTE: ESCORT Live! enabled features are only available while running the iPhone application.
