Impedance: $250 \pm 50\Omega$

Wireless PTT Transmitting:

Dimensions: $32 \times 25 \times 15\text{mm}$
PTT Life: 100,000 times
Storage Temp: $-20 - 70^\circ\text{C}$

Description:

Taking covert surveillance to a whole new level. IMPACT™'s new three wire surveillance kit without three wires.

The included mini wireless PTT is waterproof, about the size of a quarter and includes a Velcro strap to secure it to your finger, steering wheel or handle bars.

Now use a three wire even while wearing short sleeves. The micro, ultra-sensitive electret condenser mic with lapel pin can be hidden inside the collar. The surgical grade quick disconnect clear or black acoustic tube combines to offer the ultimate in covert communications.

Check out our Ghost™ version with plug-in iPod headset for "hide in plain sight" surveillance.
