Five-Mile Range in a Small Package

Motorola Talkabout® T5550 Two-Way Radio Series

One of the rugged “Value Series” of two-way radio models, the Motorola Talkabout® T5550 offers a range of up to 5 miles.* Combining General Mobile Radio Service (GMRS) technology with Motorola engineering, this radio is ideal for active outdoor communications.

Rugged Design

Built to withstand the rigors of outdoor use, the Talkabout® T5550's rugged grip-housing protects the radio. Whether it's being used deep in the woods or out on the water, this radio delivers guaranteed Motorola durability.

Interruption-Free Communications

The Talkabout® T5550 has full 22-frequency capability along with 38 private codes, helping to reduce channel chatter.

QT™ (QuietTalk) Noise Filter

QT noise filter is an added privacy feature, exclusive to Motorola Talkabouts. When enabled, radios from other manufacturers can't be heard on your channel.

Headset Accessory Operations

This model also features an accessory connector, permitting use of a convenient headset.

Power Alternatives

These radios are sold in pairs—just charge up the NiCd model or drop in three AA batteries and you're ready to start talking.

Pricing

Manufacturer's Suggested Retail Price is \$79.99 per pair. Includes 2 earbuds with Push to Talk Microphone, 2 khaki faceplates and 2 Advantage® MAX-4 HD™ camouflage faceplates.
