Features

Benefits

Bluetooth® Wireless Technology	Allows you to make, and receive phone calls thru the CB Radio with most Bluetooth phones.
Noise Canceling Microphone	Allows crystal clear communication in a noisy environment.
One-Touch Bluetooth Operation	Allows answering and terminating calls with the push of a button.
Auto Redial	One-touch redial of last phone number dialed.
Loud and Clear Incoming Audio	Phone calls are heard thru the 5 watt CB speaker.
4 Watts AM RF Power Output	The maximum allowed by law.
Talk Back	This control is used to adjust the desired amount of modulation talk back that is present at the speaker during transmit.
Blue Channel Indicator	Displays channel selection in cool blue illumination.
SWR Calibration	Allows calibration of antenna system for maximum performance.
Antenna Warning Indicator	Illuminates when antenna needs checking.
Delta Tune	Used to clarify incoming signals.
RF Gain	Adjusts receive gain in weak and strong signal areas.
Switchable NB/ANL	For increased noise reduction.
Dimmer Control	Adjusts brightness of the channel display and signal strength meter.
Instant Channel 9	Instant access to emergency channel 9.
4-Pin Front Microphone Connector	Allows convenient installation to be in dash or under dash.
Tactile Controls	Allows you to actually feel where the dial is in it's rotation without taking your eyes off the road.
Adjustable Dynamike® Boost	Dynamically boosts microphone for increased voice clarity.
9 Foot Microphone Cord	For easy reach within any area of the vehicle.
PA Capability	Use the CB radio as a Public Address System with a PA speaker. Receive signals can also be monitored through PA.
External Microphone Jack	Allows for hands-free phone operation with optional microphone.
